

Sunrise Project Community Consultative Committee

1 December 2021

Contents

- 1 Sunrise Regional Update
- 2 Community Update
- 3 Environmental Management Update
- 4 Environmental Approvals Update
- 5 CCC Member Questions

01

Sunrise Regional Update

Sunrise Regional Update

Power Supply

- › 132kV supply is proposed from Transgrid's Parkes substation direct to Sunrise
- › Negotiations ongoing with landholders along the proposed 132kV Transmission Line between Parkes & Sunrise
- › Connection agreement process underway with Network service providers
- › 100% renewable energy supply with no impact on project NPV

Parkes Office

- › Parkes office sublease in place with Fulton Hogan with around 40 personnel utilising the office space
- › Fulton Hogan are designing and constructing the civil and services infrastructure for the Parkes Special Activation Precinct

Sunrise Regional Update

Autoclaves Relocated

- › The two autoclaves stored at Port Pirie in South Australia were recently moved to a new storage location nearby
- › This involved permits and approvals with NHVR, road, rail and power authorities and the Port Pirie Regional Council
- › A number of civil & electrical infrastructure modifications were required along the route with learnings from the short move applicable to the longer move to NSW

ML 1770 Phoenix Platinum Exploration

- › Phase 2 Diamond drilling completed at Phoenix on ML 1770
- › Assay results still being received and evaluated
- › Processing of existing magnetic data completed and additional target areas within ML 1770 being identified

Exploration in the Region

- › 40 hole reverse circulation drilling program completed on EL 8833 targeting limestone
- › Hylea Project land holder meetings held and access agreement negotiations in progress with planning for a scout drilling program well advanced
- › Diamond drilling in progress on EL 4573 “Sunrise East”
- › Exploration field work to commence across regional tenements following community consultation and land access agreement in 2022
- › Locally based exploration team established with local contractors and labour employed when work is available

02

Community Update

Community – Working Together

- › Education and Investment
 - Continuing to support the Condobolin Public School through our education sponsorship program to assist with their Breakfast Club
 - Attended the Mining Careers Dinner for Year 10 students hosted by the NSW Minerals Council in Orange

Keeping People Informed

- › Community Communication
 - Next newsletter to be published in December 2021
 - Parkes and Condobolin shopfronts are currently closed, but will be reviewed for re-opening in 2022
- › Sunrise Energy Metals website
 - Complaints register published monthly, with zero complaints YTD
 - Community Complaints line listed on our website – 1800 952 277

Registering a complaint

Sunrise Energy Metals is committed to understanding the expectations and concerns of our stakeholders. We achieve this through open and transparent consultation and engagement. We use a range of consultation tools to build respectful relationships including individual stakeholder and public meetings, advertised community gatherings, regular newsletters and the operation of shopfronts in Condobolin and Trundle. Our team of Community Relations specialists work across our communities of influence.

In addition, we have a toll-free Community Complaints Line – available 24 hours, 7 days a week. If you have a formal complaint please call **1800 952 277** and speak with the operator. A member of our Community Relations team will respond to all calls within 24 hours or the next business day.

For all general enquiries, please contact the Sunrise Energy Metals Community Relations team at community@sunriseem.com.

Our complaints register is updated monthly.
